

Family & Portrait (including beautiful babies & expectant glowing mums) Photography

These extremely popular & great fun packages are available by appointment for individual or group portraits at any location on the Central Coast. These can range from family group photographs, couple's photographs to individual portraits. Both Wayne & Belinda photograph these as a team, together.

These photographic sessions, although individual are generally approx. 2 hours long, although if required the session can be extended (past 2 hours) by the client for additional cost if required. There is no limit to the number of images we take and these sessions are aimed at being a hugely fun and relaxed time. They can be at a location and time of your choice, sunrise & sunsets at beaches are very popular.

All images taken are professionally edited (some in black & white) and presented in a secure online gallery, free of watermarks on our website for you to download as you wish for printing etc. We also supply in the same gallery a much smaller social media version, as this has proven a very popular request.

The investment for these family & portrait sessions with two accredited professional photographers, is as follows;

- Family & Portrait Session \$395 per session (Up to 2 hours)
- Additional time per hour (over 2 hrs.) \$125 per hour

Event Photography

We are available by appointment to shoot special occasions or events at any location on the Central Coast, or other location by prior arrangement. These can range from birthday parties, engagement parties, school formals and corporate events, both indoors and out. There is no time restriction to these as the investment is an hourly rate, however for every 3-hour block covered by photography there will be 1 hour of image processing, this is due to the volume of images taken at events. Both Wayne & Belinda photograph these as a team, together.

All images taken are professionally edited (some in black & white if required) and presented in a secure online gallery, free of watermarks on our website for you to download as you wish for printing etc. We also supply in the same gallery a much smaller social media version of the images.

The investment for our event photography with two accredited professional photographers, is as follows;

- Event Photography \$200 per hour
- Additional processing charges \$100 per hour for every 3 hours of photography.

Please feel free to contact us to discuss a bespoke package that would better suit your needs or budget if need be, everyone is different.
